Apr 23-27: Planet Earth

Apr 30– May 4: Derby

Spring is in the Air!

Happy March and soon to be April, parents! We cannot believe it has still been snowing, but here's hope to more spring in the air!

As you have noticed, Ms. Vera has not been here. Miss. Lola Grace was born on Mar. 2 and is so beautiful. They both are doing very well.

Some of you may have noticed Ms. Lauren has moved into the 3-4yr old classroom and Ms. Courtney has taken over the 1 year old room. This has been a positive change and they are doing an excellent job!

Each teacher has been working hard on their weekly lesson plans to make each week a fun and exciting learning experience for the children. The kids have been loving their art/science projects, centers, using their imagina-

tion, and getting to go outside again.

The basement renovation is so very close to being finished. YAY!!! We have changed some of the space to make it better and to give more room for the children to exercise. The children will still be going outside for at least one gross motor time during the day, but the downstairs gym will give another area to run and play, especially, when it is rainy or too hot. It will be open within the next few weeks!!

As it is getting warmer, please be sure your kids have appropriate close-toed shoes and a jacket to wear outside if chilly.

April is one of our most favorite months living in Louisville as it is the Derby season. The events leading up to it are so exciting! Make

sure to check out all the events and activities and take advantage of the opportunities that are at our fingertips!

Also, if you we need an updated copy of your child's immunizations, or any new allergies, please pass that information along to our staff.

"

CHILDREN learn as they PLAY. Most importantly in PLAY children LEARN how to LEARN. "
